

Together we stand.. for Gaza

Stemming from our humanitarian duty towards our people in Gaza and in continuation of our efforts to alleviate the suffering of the people and preserving their right to a dignified life as the atrocious Israeli aggression on the strip enters its 6th week, the Welfare Association continues to devote all of its capabilities towards supporting the steadfastness and dignity of Gaza through launching the Gaza emergency appeal, developing and implementing much needed programs for affected families in addition to our on the ground team that never seized to operate on full capacity despite the continuous attacks and risks.

Stand with us for Gaza and help in preserving the dignity and steadfastness of our people as they face the brutal assault. Your contributions will provide:

- Humanitarian aid including food, clothes, and medical supplies;
- Psychosocial care for children;
- Programs supporting bereaved families and namely orphans;
- Programs supporting the disabled.
- Direct financial aid for families

“ Your contributions and support continue to enable us to do our part in standing with bereaved Gaza ”
